

# **LUNCH-BREAK TREATS**

GOT AN HOUR OR TWO TO SPARE?  
INVEST THE TIME ON YOUR SKIN AND HAIR.

## **MINIMISE PORES**

The photo rejuvenation laser treatment at LinC Aesthetic Clinic can give you smoother, less oily skin, and smaller pores in four sessions. Ideally, clients should opt for eight visits (each spaced two weeks apart) to see marked improvements in skin texture and radiance. You may experience a mild tingling sensation, like that of a rubber band snapping against your face in quick succession, but there is no downtime and the redness and pain should subside quickly. A post-procedural cream, moisturiser and sunblock are then applied – after which you can reapply your makeup right away. \$400 to \$500 per session at 541 Orchard Road, Liat Towers, #21-01/02, tel: 6732-0208.
