skin's that as good as gold

If you've got a big event to attend and want to make a glowing entrance, check out the Gold Mask Treatment at Linc Aesthetic Clinic. It may cost \$500, but it's worth investing in if you need instant radiance that'll last for a couple of weeks. After all, gold is believed to speed up cell regeneration, slow down melanin production, and prevent premature ageing.

Before covering your face with 99.99 per cent pure gold (1g of pure gold is beaten into a one-square-metre sheet), your skin is plumped and firmed with a PGA (Gamma-PolyGlutamic Acid) biopolymer mist. The gold goes on, together with another misting of PGA, for 20 minutes. The face is then massaged till the precious metal dissolves into the skin. The result? Plumped up, hydrated and brighter complexion in a flash. The Gold Mask treatment costs \$500 for one-and-a-half hours. To make an appointment, call LinC Aesthetic Clinic at 6732-0208.
