DR PATRINA WONG.

41, director of Linc Aesthetic Clinic

Here is a woman who's unapologetic about celebrating her curves and femininity with body-skimming – not constricting – Giambattista Valli gowns. She also loves Jimmy Choo heels for their “glove-like fit” and jeans in chic white, not mundane indigo because being comfy is not about looking sloppy.

She wears her own La Petite S**** dress, Larry Jewelry bracelets and custom-made ring. →
