Make-up artists, beauty brand experts and dermatologists share clever ways to stay beautiful on a budget *By* CHARMINE BAYLON, JOYCE LIN AND SIMONE WU

Skincare Tips

The general rule? Splurge on skincare products such as moisturisers and eye creams that stay on your face. Go budget on wipe-off products such as facial cleansers.

Dr Patrina Wong, medical aesthetic director of Linc Aesthetic Clinic

SAVE ON: False eyelashes
– but use good eyelash
glue. I like Shu Uemura.

SPLURGE ON: Night cream.
The one from our in-house
Linc Aesthetic range
leaves skin glowing. It's by
prescription at our clinic.

QUICK BEAUTY TIP: For a
better result, hydrate with
a moisturiser before any
beauty treatment.
